

## Transportation Needs Questionnaire for Local Officials

The ETSRPO and the TDOT is seeking input from local officials regarding transportation needs in your community for the Monroe County Transportation Plan. Your input will help these agencies plan for needed transportation improvements in the local area. Please complete this questionnaire and return to Laura Smith, email [lsmith@etdd.org](mailto:lsmith@etdd.org); fax @ 865-273-6010; or mail to ETDD, P.O. Box 249, Alcoa, TN 37701. This is a FILLABLE questionnaire. After each question, click on the box and type your response.

1. Is heavy traffic congestion a problem on any state highways or local roads in your community? If so, please describe the location and degree of congestion.
2. Are there any locations on state highways or local roads with a history of multiple severe crashes? If so, please describe the location.
3. Are you aware of any locations on state highways or local roads that may need new or updated signalization? If so, please describe the location.
4. Are you aware of any locations on state highways or local road that may need new or updated signage? If so, please describe the location.
5. What improvements to state highways or local roads in your community might help promote economic development and job creation in your community?
6. Are improvements needed to the state or local roads providing access to your industrial park?

## Transportation Needs Questionnaire for Local Officials

7. Do you need additional sidewalks or reconstructed sidewalks on state highways or local roads in your community? If so, please provide details.
  
8. Is your community interested in new trails or greenways? If so, please describe location.
  
9. Is your community interested in new bicycle and pedestrian facilities? If so, please describe location.
  
  
  
  
  
  
  
  
  
10. Do you have any additional thoughts about needed transportation improvements to state highways in your community?
